

Hawai'i History Day

Mālama Our History, Mālama Each Other

Hawai'i History Day is a yearlong program and competition for students grades 4–12 that reinvigorates the teaching and learning of history. Students research and present on topics of their choosing, via documentaries, papers, displays, websites, and performances. On February 25, 2023, we held our District Hawai'i History Day competition at University of Hawai'i - Maui College. Congratulations to our District Winners!

2023 Maui District Fair - State Qualifiers
